We would like to take this opportunity to welcome you to our dental practice. Over the past 30 years, this office has been serving the dental needs of the San Ramon Valley. We realize that selecting a new dentist is a very important decision. It is our goal to ensure your comfort and satisfaction in choosing our office.

Enclosed you will find our health history questionnaire and office policy. Please take the time to fill them out completely prior to your initial visit to our office. Should you have any questions about some of the items on either form, we would be happy to assist you when you come for your appointment. On the back of the health history questionnaire, you will find an area to provide us with your dental insurance information. If you have dental insurance, please make certain that you have the group number and the address of the insurance company. This will allow our insurance specialists to more quickly process your claim.

If your initial visit is for routine teeth cleaning and exam, it is our policy to take a full mouth series of radiographs (x-rays) at that visit. These films are necessary to aid in the diagnosis of any problem areas. If you have had a full mouth series taken at another office in the past 5 years, you should have those films forwarded to our office prior to your visit. Our staff will gladly request those films from your previous dentist, should you need their assistance.

We pride ourselves in making your visits to our office a comfortable experience. You will find that we try to be as prompt as possible, because your time is as important as ours. It is our hope that after your first visit, you will be confident in the decision that you have made.

If you have any questions prior to your appointment, please feel free to contact our office. We are looking forward to meeting you in person.

Sincerely,

Steven Czekala, DDS
